

Living Smarter Taster Workshop

The Living Smart taster is a stand-alone 1-2.5-hour workshop designed to give residents attending

- give them some self-identified ideas to take action on,
- a taste for the tailored and diverse content of Living Smart and
- Introduce them to the interactive, hands-on style of the program.

The content includes an ice-breaker introduction to sustainability, followed by 3-4 topic activities selected by participants from the sustainability topics, typically water, wellness, green cleaning and reducing waste to landfill.

Who facilitates it? An eligible Living Smart facilitator

Who participants? All local residents invited to enrol, ideally between 15 and 30 people.

Cost to Participants: typically free

Facilitator's Fee to Host: typically \$300 – 550

Venue & Timing: If just prior to a 7-week course, keep the venue and time the same. Typically an early evening time at a community learning centre.

Evaluation: A simple workshop satisfaction survey, also gauging interest in a 7-week course

Example of a Living Smart Taster Workshop prior to a Living Smart 7-week course:

Who wouldn't want to be Living Smart?

Who wouldn't want to be Living Smart? Start living smarter at home by learning some ways to live more simply. In this interactive, hands-on workshop you'll learn some easy tips and tricks for living sustainably, and learn more about the Living Smart course.

Wednesday 5 April 6.30—8.30 pm

Cost: Free

Location: The Meeting Place
